

The Lifelong Learning Institute

Columbus State Community College

The mission of the Lifelong Learning Institute (LLI) of CSCC is to provide educational opportunities for mature learners in central Ohio to broaden and extend their knowledge, share their life experiences, become more attuned to community resources, and interact with other "lifelong learners." Peer-led and membership-driven, the LLI offers courses and special events that focus on the arts, literature, philosophy, science, languages, technology, spirituality, economics, and local, national and world affairs.

Launched in July 2004, the Institute offers a year-round menu of two-, three-, and four-week courses in September, January, April and July. "Coffee and Conversation" events and Symposia are offered in other months (except October) in partnership with several central Ohio locations, including senior residence facilities and arts organizations. The LLI pledges easy-access locations for its events, along with free or minimal parking costs.

LLI membership is open to all who are interested. The annual membership fee provides access to any or all scheduled offerings from September 1st to August 31st. Individual courses or events are open to non-members for a per-event fee.

Providing educational opportunities for mature learners.

LLI Membership Application

Check here if a current member renewing.
